

Dear Board members and Godparents,

Greeting from Tsimba Children's Home. We are all fine and doing on well.

Having found this opportunity to reach each one of you; on behalf of my team and the children living at Tsimba, may I take this opportunity to thank each one of you for the contribution you made in the last one-year toward the welfare of the children.

I would personally thank all of you for the financial, material and moral support you have given that enabled the home realise its goals and objectives.

For this we are indeed grateful.

Further, I would like also to thank all of you for helping the home construct a modern home for the children that give the children a better place to live in. For this we are grateful.

We also can't forget the support that the home continues to receive from the chair of the organization, Ms Christine Schneider. At the moment she spends a considerable amount of time at the home, helping the children. The children are happy.

On our part, we promise to double our efforts and ensure that we achieve the mission and the goal set out by the organization.

As we approach the festivity, we wish each one of you a Happy Christmas and a prosperous New Year. Long life for each one of you.

Truly,

Francis Thoya  
Tsimba Children Home manager
